

THE EVENING BULLETIN.

VOLUME XVI.

MAYSVILLE, KY., TUESDAY, DECEMBER 1, 1896.

NUMBER 7.

WEYLER IS A LIAR.

At Least His Subordinates Have Been So Proven.

INTERNATIONAL LAWS VIOLATED.

The Competitor Prisoners Were Tried Without Counsel by Ordinary Courtmartial Within a Fortress—General Garcia Heard From—Weyler Advancing His Troops—Other Cuban War News.

NEW YORK, Dec. 1.—The World this morning prints a fac-simile letter from one Melton, one of the Competitor prisoners. The letter is dated "Fort Cabanas, Calabozo (Dungeon) 41, Havana, Cuba, November 18, 1896," and reads in part as follows:

"The Competitor case was continued in the Cuarto de Banderas (Flag room), Fort Cabanas, by ordinary naval court-martial on Nov. 14. The complete depositions of Dr. Elias Vedia, Jorge Ferran, Teodoro Maza and myself were taken. Fernando Lopez Saul, the naval judge instructor, said that our case would soon be settled.

"How? I have but little idea and in fact do not care much. I had rather be sent to Centa than kept here indefinitely."

The letter was smuggled out of prison.

When it was announced a week ago that the Competitor prisoners were being tried again by secret courtmartial in the Cabanas fortress and that they were not allowed counsel, nor even an interpreter, General Weyler's subordinates made a vociferous denial.

GENERAL GARCIA HEARD FROM.

Details of the Recent Capture of Guamaro by the Insurgents.

NEW YORK, Dec. 1.—President Palma of the Cuban junta has received a letter from the camp of General Calixto Garcia, giving details of the capture of Guamaro by the insurgents. The letter says that not only did Garcia's army capture the town, but enough arms and ammunition to fit out 400 recruits.

General Garcia's forces numbered nearly 5,000 men. He made a desperate attack on the fort, using the two cannons which the insurgents had with good effect. He drove the Spanish troops from their position and occupied the town, which was later destroyed by the torch.

In the battle 180 Spaniards were taken prisoners. The arms and ammunition captured were 125,000 cartridges, 200 Mauser rifles, 160 Remington rifles and two field pieces.

General Garcia says that his men have not suffered from the yellow fever and are in first class condition and have a good supply of ammunition. He will not, as the reports have said, march westward to join General Maceo, but will remain in Puerto Principe.

WEYLER ADVANCING.

He Is Pushing His Columns Into the Hills of Pinar del Rio.

TAMPA, Fla., Dec. 1.—It is rumored that General Weyler has advanced his columns into the hills of Pinar del Rio, east of Mariel, and is striving to draw Maceo out of his stronghold. Some accessions have been made to the patriot ranks and Weyler has called for all the Havana volunteers he can get. He is feeling chagrined over the hostile comments against his previous withdrawal and it is believed here that he will make desperate efforts, running many risks, to get Maceo into the open field.

The Cubans laugh at this and state that Maceo is well contented where he is, and that Weyler will feel his teeth when least expected.

It is known that strong ambuscades have been made by Maceo, and if Weyler is drawn into one of them his losses will be great.

Weyler has swept the fields clean of cattle, grain and provision and the country people are reported to be in great distress.

Important news is expected within the next few days.

DIRECT FROM CUBA.

A Few Items From the Censorship Bureau at Havana.

HAVANA, Dec. 1.—If it is true that Antonio Maceo is in the vicinity of Conselacion del Norte, as reported, then General Weyler should, by this time, be within striking distance of the insurgents.

A dispatch from Cardenas announces the arrest there on a political charge of Dr. Pedro Havia.

As a result of several skirmishes the insurgents have had two captains and 17 privates killed. The troops have had three killed and nine wounded.

At 9 o'clock yesterday morning a sick soldier in the Havana military hospital, while looking out of a window, was shot by a sentinel, who had been ordered to prevent the inmates from looking out, inasmuch as persons who had been imprisoned for political offenses and were ill were in the hospital. The sentinel thought the soldier was one of these political prisoners attempting to escape.

SACRAMENTO, Dec. 1.—Final returns from Santa Clara county, completing the state returns, show that Martin, Bryan elector, has defeated Flint, McKinley elector, by 492.

FIVE TIMES PRESIDENT.

General Diaz Again Becomes the Head of the Mexican Republic.

CITY OF MEXICO, Dec. 1.—General Diaz took the oath of office today as president of the republic for the fourth consecutive term, making five terms in the chief magistracy. The ceremony was witnessed by a brilliant assembly of foreign diplomats and distinguished people. He is in robust health and his program for the ensuing four years follows substantially his policy during his past term, with special emphasis to be given popular education. He will, if he lives, show at the end of his term, which concludes with the century, several railways crossing Mexico from sea to sea; gigantic port works and hundreds of new factories.

PRESIDENT DIAZ.

The government will stick to the silver standard as being in the opinion of the administration the one best adapted to this country and as affording it at the present rate of exchange an immense protection to home industries, while at the same time securing for its exports gold premium which operates as a bounty to tropical planters.

It is believed General Diaz may go around the world during the coming year as the affairs of Mexico are in a prosperous condition.

HARRISON'S TOMB.

The Courts Will Decide Whether It Is to Be Beautified.

CINCINNATI, Dec. 1.—There is about to be a legal disturbance over a graveyard contiguous to the tomb of ex-President William H. Harrison. The Harrison heirs claim that the cemetery in question is their property, and they gave notice to the township trustees that they will be held responsible if they attempt any act of ownership.

It is said that the Harrison heirs propose to remove to the vicinity of Harrison's tomb the remains of John Cleves Symmes and other historic occupants of the cemetery, and then sell the cemetery for town lots, using the money thus obtained to improve the resting place of the distinguished dead. The friends of other occupants of the ground are opposed to the abandonment of the cemetery and will push their objections into court if necessary.

READY FOR THE FRAY.

Fitzsimmons and Sharkey Have Ceased Training For Their Fight.

SAN FRANCISCO, Dec. 1.—Both Fitzsimmons and Sharkey have ceased their training and will rest until Wednesday night. Each remains in his own training quarters. Their respective managers have been trying to select a referee but Lynch, acting for Sharkey, does not wish a choice to be made until the last moment. If no one is selected by Wednesday noon the National Athletic club will name an official.

Each pugilist seems confident of the decision. The betting is generally from 3 to 1 to 4 to 1 in favor of Fitzsimmons. Martin Julian, the latter's manager, says he is betting 4 to 1 that Sharkey will be knocked out in four rounds.

BOAT BURNED.

Two of the Crew, Blinded by Smoke, Met Death.

SOUTH HAVEN, Mich., Dec. 1.—The steamer City of Kalamazoo, owned by the H. W. Williams Transfer company, took fire at about 4:30 yesterday morning and is almost a total loss.

Robert Vanostrand of this place and Joseph Lang of Covert, who were on the boat, were overcome by smoke and burned to death. Three other men escaped without their clothing. Vanostrand was a single man, but Lang had a family.

The origin of the fire is unknown. There was a good insurance on the boat.

BOTH WILL DIE.

H. H. Holmes Kills a Man in Boston and Is Himself Stabbed.

BOSTON, Dec. 1.—What will probably prove a double murder occurred in a little candy and fruit store on Broadway in the South Boston district yesterday, when H. H. Holmes shot W. H. Jordan, proprietor of the store, three times, and the latter succeeded in cutting a deep gash in Holmes' throat before he fell to the floor exhausted from his own wounds.

The trouble resulted from a quarrel over an unpaid bill. It is believed both men will die.

Choate For Senator.

NEW YORK, Dec. 1.—Joseph H. Choate is a candidate for the United States senate.

LIFESAVING SERVICE.

Excellent Work Done During the Past Year.

THE SUPERINTENDENT'S REPORT.

The Most Satisfactory Results Yet Accomplished by the Service—Although the Total Number of Disasters Was Greater Than in Any Previous Year, the Percentage of Lives and Property Lost Was Less.

WASHINGTON, Dec. 1.—The report of Mr. Kimball, the general superintendent of the Lifesaving service for the year ending June 30, exhibits the most satisfactory results yet accomplished by that service. Although the total number of disasters was greater than in any prior year, the percentage of lives and property lost was less.

At the close of the year the establishment comprised 256 stations, of which 186 were located on the Atlantic and gulf coasts, 55 on the great lakes, 14 on the Pacific and 1 at the falls of the Ohio, Louisville, Ky. The number of disasters to documented vessels within the scope of the service was 437, involving 4,608 persons, of whom 4,595 were saved and 13 lost. The estimated value of the vessels was \$3,850,140, and of the cargoes \$3,846,380, aggregating a total \$7,696,520. Of this amount \$1,492,750 was lost. The number of documented vessels totally lost was 67.

There were also during the year 243 casualties to undocumented small crafts, sailboats, rowboats, etc. Of the 594 persons on board 587 were saved and seven lost. The value of the property in those casualties is estimated at \$119,265, of which \$114,915 was saved.

The total number of shipwrecked persons succored at stations was 613. The total number of days succor afforded was 1,436.

Other persons (not on board vessels) to the number of 82, were rescued from drowning, all of whom would probably have perished but for the vigilance and prompt assistance of the lifesaving crews.

During the year the crews saved and assisted to save 472 vessels, valued with their cargoes at \$4,853,110. Of this number 318 were saved without the outside assistance, aggregating with their cargoes a value of \$977,495, with loss of only \$11,713. In the remaining 154 instances the lifesaving crews assisted other agencies in saving property valued at \$3,599,775 out of a total of \$3,875,615 imperiled.

Less important assistance was rendered to 167 other vessels in distress. The patrolmen also warned from danger by their night signals 210 vessels and by day signals 19. The loss of life and property averted in these 329 instances, of course, can not be estimated, but the circumstances under which a large proportion of the warnings were made indicate that it must have been very considerable.

The cost of maintaining the service for the year was \$1,401,805. Attention is invited to the inadequacy of the compensation of the superintendents of lifesaving districts and their crews.

HAWAII IS FLOURISHING.

The Islands Are Prosperous and the Future Seems Bright.

WASHINGTON, Dec. 1.—Mr. John W. Foster, former secretary of state, has returned to Washington from a six weeks' visit to Hawaii, whither he went as the representative of the Pacific Cable company. In speaking of his visit Mr. Foster said:

"The condition of business in Hawaii is flourishing. The islands are prosperous and their future is bright. The Pacific mail has recently doubled its service, sending a steamer twice a month instead of once, as formerly, and a new line is soon expected to be established by the Japanese, which will touch at the islands on the way to San Francisco."

"The people of Hawaii wish to be annexed to the United States. The present government has the approval of a majority of native Hawaiians, and there is no likelihood that there ever will be a restoration of the monarchy. The English and German element, however, are opposed to annexation to the United States, because they believe it will interfere with their contract labor and so affect their interests commercially."

"The present government in its administration is giving satisfaction. Yet this government is only temporary, and the people want to be annexed to the United States. The members of the government are pledged to it, and the present constitution of the republic expresses this expectation. So it is the general belief that the matter should be decided at an early date, if possible."

Mr. Foster said it was not apparent that Hawaii could maintain herself as an independent government in case the United States should refuse to annex the islands, although the people are law-abiding and the present government is getting along smoothly and successfully, there is a continual fear, said Mr. Foster, that some change may occur. So far as the Hawaiians are concerned, independently of outside influences, they are capable of self-government. In Mr. Foster's opinion, however, annexation is the only way out of the situation in which Hawaii is placed.

ROCHESTER, Dec. 1.—The Salamanca Daily News has just been sold to A. L. Sackett of Cincinnati. He will run it as an independent paper. The News was started two years ago by Rev. A. C. Spencer who has conducted it ever since. It is published every morning and semi-weekly. It is the only daily paper here.

ONLY FIVE LIVES LOST.

Traffic Being Resumed Throughout the Northwest.

ST. PAUL, Dec. 1.—News from the great blizzard is very meager. So far as learned only five lives have been lost. Of course, nothing has been heard from the remote districts beyond the reach of the telegraph and it may be another week before it can be positively stated that there has not been more serious loss of life. The streets of the snow-bound Dakota towns are being cleared as rapidly as possible. The extremely cold weather has frozen the snow until the immense drifts have reached the proportions of gigantic icebergs and dynamite is being used to blast these out of the way, ordinary picks and shovels being unable to make any impression on them.

Stock on the ranges has undoubtedly suffered heavily, and a fuel famine is threatened in many of the smaller towns in the Dakotas. This is by no means a trivial matter where the mercury is ranging from 15 to 30 degrees below zero.

The railroads are beginning to get their trains running again. The Great Northern has got its first train into St. Paul from the snowbound district and the Northern Pacific reports that its line is now open from Portland to St. Paul. Delayed westbound transcontinental trains on this road, which were being held at Tower City and Fargo, have left these points.

Northern Pacific officials say that the road is having a hard fight with the elements. For several days it was impracticable to do anything toward clearing the track because of the continued fall of snow and the strong wind that kept up the drifting. The wind has not entirely abated, but the rotaries have been steadily at work for three days. It has been necessary to use axes and picks to remove the ice and sand accumulated in the cuts. This made the work progress slowly. The track is now clear of the worst obstructions, and the snowplows can be used with good effect. It is claimed that tomorrow will see trains running through to the coast, although they may not follow schedule for a day or two. All transcontinental lines are now accepting passengers and freight for through business.

RETALIATION SUGGESTED.

Austria Trying to Shut Out Our Glucose by Increasing the Duty.

WASHINGTON, Dec. 1.—Retaliation against the European countries that seek to destroy American trade is suggested by United States Consul Max Judd at Vienna. He says that the Austrian glucose producers, finding their trust powerless to meet the rates asked by Americans, appealed to their government, and the latter has increased the duty on imported glucose from 7 1/2 to 8 florins per 100 kilos, to take effect Dec. 1. This is aimed directly at America, as the United States is the only country competing for this trade, and will shut us out from further sale of syrup.

Mr. Judd says: "It has been this way with other articles for which Americans found a foreign market. If it was not a tariff measure some other obstacle have crippled their efforts to maintain the trade. Would not a threatened retaliatory measure, say against porcelain and glassware, have the desired effect of possibly preventing the intended change from going into effect?"

TEN ROUNDS TO A DRAW.

Jimmy Ryan of Cincinnati and Tom Tracy of Australia Meet.

SAN FRANCISCO, Dec. 1.—Tom Tracy, the clever Australian welterweight, and Jimmy Ryan of Cincinnati fought 10 rounds to a draw last night under the direction of the Golden West Athletic club before 2,600 people. Tracy weighed 142 and Ryan balanced the scale at 148. It was one of the cleverest fights ever seen here both men doing good work in fair open fighting, with a notable absence of clinches.

While Tracy did nearly all the leading, Ryan proved to be a splendid defensive fighter, countering well with lefts on the body. Tracy repeatedly rushed Ryan to the ropes. The latter seemed unable to avoid Tracy's vicious left jabs in the face, but countered well. Ryan's shiftiness was the feature of the fight. He avoided many hard left swings by clever ducking.

ONLY A THOUSAND DOLLARS.

British War Vessel Collects an Indemnity From Liberia.

LIVERPOOL, Dec. 1.—The steamship Batanga, arrived here from the west coast of Africa, reports that H. M. S. Alceste had arrived at Grand Bassa and had inquired into the outrages committed by Liberians. Some time since citizens of the negro republic of Liberia maltreated natives of the British colony of Sierra Leone, living in Grand Bassa and destroyed their houses.

The Alceste made a demand upon Liberia for \$1,000 indemnity and on the Liberians hesitating to comply with the demand, it is stated, the commander of the Alceste threatened to land sailors unless the indemnity was paid by noon on the morrow. The Liberians paid the required sum the next morning.

NEW YORK, Dec. 1.—The Western Union Telegraph company's special cable reports interruption of St. Lucia and St. Vincent and St. Croix and Trinidad cables, cutting off communication by cable with St. Vincent, Barbadoes, Grenada, Trinidad and Demerara. Fast sailing vessels will be employed, carrying traffic from St. Lucia to St. Vincent, thence by cable balance of distance; additional delay will be about 12 hours.

DAMMED WITH ICE.

Great Gorge at the Mouth of the Chippewa River.

SURROUNDING COUNTRY FLOODED.

Families Had to Flee in Their Night Robes to Places of Safety—Great Suffering Among Women and Children and It Is Feared Some Have Perished—The Loss to Property Will Be Great.

EAU CLAIRE, Wis., Dec. 1.—An ice gorge formed at the mouth of the Chippewa, which caused the water to back up rapidly Saturday night and Sunday morning. On the lowlands below Durand the rise was so rapid that many families had to flee in their night robes to places of safety and leave their all behind them. The suffering among the women and children was intense and many are reported as having frozen feet and limbs. Those who could fled to the railroad track. There they built a fire and tried to protect themselves from the frosty winds until relief arrived.

An engine and coach sent out from Durand Sunday morning gathered up about 40 or 50 of these unfortunate people, but so fast was the water rising that the train had to go back to Durand. It is thought that some of the people were not reached by the rescuing party and possibly may have perished. The bottoms are all under water and the stock and produce are a complete loss. Dead domestic animals can be seen all about the neighborhood frozen stiff in the water. In most of the homes were stored the winter supplies and these were all lost.

Farms and farm buildings along six miles of the Chippewa valley are now under water. The flood is being added to hourly at the rate of six inches an hour, and unless the gorge breaks soon this city will be partly under water. The basements of all buildings on Spring street are flooded and in some instances the lower floors are covered. The people living in the lower part of the city are hastily removing their personal effects to higher ground.

In 1894 a similar flood occurred, causing a loss of many thousands of dollars.

A great deal of railway property is threatened, and many highway and railway bridges will probably be swept away.

Below the immense gorge the river is practically dry and when the jam breaks the body of water in the reservoir must carry destruction to the valley below.

Eau Claire has every reason to feel apprehensive, as its danger begins when that of Chippewa Falls has passed.

At Irvine the Wisconsin Central railway is under water and the electric light plant partly flooded so that the town is in darkness.

There has been no trains for three days on the Valley division of the Chicago, Milwaukee and St. Paul.

A messenger from Durand reports eight miles of track below Durand as being under three feet of water. Thirty-seven men, women and children, refugees from lowlands, are quartered in the Durand courthouse.

FLOOD INCREASING.

Railroads Washed Out and Traffic Is Completely Paralyzed.

PEPIN, Wis., Dec. 1.—The flood in the Chippewa bottoms is increasing in fury. The Chicago, Milwaukee and Chippewa Valley road is badly washed out and is covered with trees, logs and ice gorges for miles. There will be no traffic for a week or 10 days. The bridge over Smith's slough, one mile below Trevino junction, on the Chicago, Burlington and Northern road, is unsafe. A rock train and a big crew of men are at work on it.

There are jams of ice and logs in the Chippewa at Burlington bridge, at Chippewa Valley bridge, at Read's landing and at the head of West Newton slough above Alma.

The water is at a standstill, but more trouble is feared unless the jams break. There are 3,000,000 feet of logs and 40 cribs of lumber in the jams. All the hay in the meadows is lost and considerable stock is gone. Five families were rescued from upper stories and roofs in the flooded districts.

PROBABLY A DIABOLICAL CRIME.

House Burned and Five Children Perish in the Flames.

CONWAY, Ark., Dec. 1.—The two-story frame house of Sam Henderson, colored, who resides about three miles from town, was burned yesterday morning at 1 o'clock. Five of his children, two of whom were grown, perished in the flames. They were asleep in the building and before they could escape from the fire received burns of such a serious nature that they died shortly afterward.

The structure was the property of I. L. Howell, and the cause of the burning is supposed to be of incendiary origin. Poul play is suspected and an investigation may develop a diabolical crime.

ST. LOUIS, Dec. 1.—Zenias Varney's carriage factory was partially destroyed by fire this morning. The loss is estimated at \$100,000. The origin of the fire is not known. The building and contents were fully insured.

EVENING BULLETIN. DAILY, EXCEPT SUNDAY. **ROSSER & MCCARTHY,** Proprietors. SUBSCRIPTION PRICES OF DAILY. One month..... 25 Three months..... 75 Six months..... \$1.50 One year..... \$3.00 TELEPHONE 46. TUESDAY, DECEMBER 1, 1896.

AFTER all their pre-election talk and promises a McKinleyite ought to be ashamed to cut the wages of his employees.

CHIEF JUSTICE PLYOR will be the next Democratic nominee for Governor. At least there is a very strong sentiment developing in his favor.

THE Hunter Republicans are mad because Governor Bradley doesn't call that much-talked-of extra session of the Legislature. And the Governor isn't caring a snap of his finger how mad they get.

THE claim is made that some of the Republican leaders in this State actually don't want a Republican elected to the U. S. Senate yet awhile. They are afraid he would distribute the "pie" after the 4th of next March.

THE official count in this Congressional district gives Pugh 22,014 votes and Thomas 21,591, Pugh's majority being 423. His actual majority, however, as we have heretofore stated is 128 less than the above.

FOR U. S. District Attorney Hon. John P. McCartney, of Flemingsburg, who was district delegate to the St. Louis convention, is said to be right in the front, and he will very likely get this nice plum from President McKinley.

GOVERNOR BRADLEY didn't participate in the official count of the election returns, although it was his duty to do so. The Hunter people explain his absence by saying that in case of a contest he does not want to offend the silver men; and that in the event of Hunter's nomination for Senator Bradley hopes to have the support of the Blackbun element. With his present following, he might in this manner defeat Hunter.

THE Ladies' Good Work for the Y. M. C. A. On Monday afternoon the Women's Committee of the Y. M. C. A. held another meeting in the Cox Building. The canvassers reported \$14.85 in additional subscriptions for the ladies' fund, secured during the past week, making a total of \$133.15. Other parties are yet to be seen, and the ladies will not cease their efforts until the sum they need, at least \$150, is raised.

The Chairman announced the appointment of the Rooms Committee as follows: Mrs. M. C. Russell, Chairman; Mrs. H. C. Sharp, Miss Amy Phister, Miss Grace Bierbower, Mrs. James H. Hall. These ladies have been busy the past two or three days selecting furniture for the new rooms. They will meet again to-day (Tuesday) at 2:30 and purchase a carpet for the reception room and also some furniture for the parlor.

The entire committee will also meet in the new rooms on Friday afternoon at 2 o'clock.

Sharp Claim Holders.

When the new taxes began coming in, July 1st, and the present administration decided to use the money to pay present expenses, discriminating against the old warrants, they simply decided to cash only warrants issued after July 1st, says a special from Frankfort. In this they got caught. There were in the hands of their owners about \$200,000 worth of old claims that had never been presented or audited and for which no warrants had been issued. The holders of these old claims at once brought in their claims. They have been getting them audited and presenting them for payment at the Treasurer's office. There was nothing else to do but cash the warrants. By this means the Treasury has been compelled to pay about \$200,000 on old debts besides the current expenses. This has nearly swamped the Treasury two or three times and to this, rather than to slow tax collections, is due the fact that some of the funds are behind.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

UNTIL after Xmas, one life-size portrait in water color, crayon or photograph, one dozen very finest cabinets and an elegant frame all for \$5. Come now. Cady's Art Studio.

WHOLESALE

Pardons For Ex-Convicts Made It Possible For the Republicans to Carry Kentucky.

[Cincinnati Enquirer.]

FRANKFORT, Ky., November 27.—"Ex-convicts carried Kentucky for McKinley this year," said a Montgomery County politician yesterday.

"How do you make that out?" was asked.

"Well, I am judging by my county and its neighbors. There were about twenty-five negro ex-convicts in my county, who had no right to vote because they never had the rights of citizenship restored by the Governor, but on election day, or when a motion was made to strike their names off the registration books, they all presented pardons recently granted by Governor Bradley, restoring to them the right to vote, and they voted. You know there is hardly a county in the State but what has from fifteen to fifty negroes who are ex-convicts, and, from what I have heard from Clark, Bourbon, Madison and other counties, all these horse thieves, murderers and cutthroats were restored to citizenship just before the election, and their total number runs up into the thousands. Of course, it is all right to restore an ex-convict to citizenship after he has shown by his conduct that he is trying to lead an upright life, but I think it an outrage to restore them all in a bunch just before an election.

Eyesight.

Our citizens have now the best opportunity to save their vision and money, for our old friend Dr. A. Goldstein, of Louisville, is with us, and is stopping at the Central. He is the oldest and best known optician in the land. His knowledge to correct all errors of refraction and accommodation with proper lenses is conceded by all, and his word is as good as a bond. Persons suffering from any trouble of the vision will do well to consult him, and get glasses from him. If you wish the Doctor's services send him a notice, care of the Central, and he will call on you.

TO DIVIDE KENTUCKY

Into Two Federal Court Districts Object of His Bill.

ASHLAND, Ky., Nov. 27.—Sam J. Pugh, of Vanceburg, Congressman of the Ninth district, will introduce a bill at the next session of Congress providing for the division of Kentucky into two Federal Court districts. The dividing line will probably leave the river a short distance below Covington, crossing the State to Tennessee. The idea is to save transportation expense on prisoners, who now have to be taken to Louisville or Covington from the extreme eastern counties. Ashland will be urged as a suitable place for one of the four points for the holding of United States Court, and a new Government building would probably follow such selection.

Fire in Sixth Ward.

The building occupied by Richard Huffman as a barber shop in Sixth ward burned last night at 12 o'clock. It belonged to Mr. M. C. Hutchison. Mr. Thomas McDonald's house adjoining was damaged to the extent of about \$200.

Mr. Huffman's loss is about \$150 and he has \$100 insurance. Mr. Hutchison loss is about \$200.

REV. JEDEDIAH FOSTER.

A Venerable Methodist Minister Passed to His Reward Last Night.

The venerable Rev. Jedediah Foster died last night at his home near this city. He was in his eighty-eighth year, and had been in rather feeble health for some time.

Deceased was one of the pioneer preachers of the Kentucky conference of the M. E. Church, and had been on the superannuated list for several years.

The funeral will occur to-morrow morning at 11 o'clock at the Third street Church, with services by Rev. F. W. Harrop. Burial in the Maysville Cemetery.

The McKellup-Ort Case.

The suit of M. E. McKellup against D. P. Ort over the City Marshalship was decided Monday by Judge Harbeson. The defendant's demurrer was sustained, and plaintiff asked for an appeal to the Court of Appeals. Judge Harbeson ruled that plaintiff's petition didn't state sufficient grounds to show he was entitled to the office.

To those who have received catalogues of silver novelties will say that I will duplicate all goods at prices named in those catalogues. My stock of novelties was never as large.

P. J. MURPHY, the jeweler.

I AM receiving fancy New York apples in carload lots. Stock fine. Good keepers, and prices reasonable. R. B. LOVELL.

Boils

It is often difficult to convince people their blood is impure, until dreadful carbuncles, abscesses, boils, scrofula or salt rheum, are painful proof of the fact. It is wisdom now, or whenever there is any indication of

Impure

blood, to take Hood's Sarsaparilla, and prevent such eruptions and suffering.

"I had a dreadful carbuncle abscess, red, fiery, fierce and sore. The doctor attended me over seven weeks. When the abscess broke, the pains were terrible, and I thought I should not live through it. I heard and read so much about Hood's Sarsaparilla, that I decided to take it, and my husband, who was suffering with boils, took it also. It soon purified our

Blood

built me up and restored my health so that, although the doctor said I would not be able to work hard, I have since done the work for 20 people. Hood's Sarsaparilla cured my husband of the boils, and we regard it a wonderful medicine." MRS. ANNA PETERSON, Latimer, Kansas.

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists. \$1.

Hood's Pills cure liver ills, easy to take, easy to operate. 25 cents.

CHAPLAIN M. C. BLAINE,

He Met Death in His Heroic Effort to Save His Daughter From the Flames.

WASHINGTON, Nov. 30.—A telegram was received at the War Department to-day from Major Burke, stationed at Ft. Ringgold, Texas, stating that last night the quarters of Post Chaplain, M. C. Blaine, were burned and the Chaplain and his daughter burned to death.

Chaplain Blaine, after the fire had made some headway, missed his daughter and entered the building to rescue her. He was overcome by smoke and perished with his child. His wife escaped without serious injury.

Chaplain Major M. C. Blaine was born in Kentucky and enlisted as a private in Company K, Fifty-fourth Kentucky infantry, in 1864, was discharged the next year and appointed Post Chaplain from Pennsylvania June 16, 1880.

The news of the terrible death of Chaplain Blaine and daughter was received here Monday afternoon. Mr. Blaine was a native of this city, was a son of the late S. L. Blaine, and was a relative of the late James G. Blaine. His wife, who in thus so badly bereft, is the oldest daughter of Mr. and Mrs. Charles Phister, of West Third street, this city.

Sure to Win.

The people recognize and appreciate real merit. That is why Hood's Sarsaparilla has the largest sales in the world. Merit in medicine means the power to cure. Hood's Sarsaparilla cures—absolutely, permanently cures. It is the one true blood purifier. Its superior merit is an established fact, and merit wins.

Hood's Pills are easy to take, easy to operate. Cure indigestion, headache.

River News.

Still rising here with over 27 feet on the marks.

The coal shipment from Pittsburg on the present rise will reach nearly 5,000,000 bushels, and from the Kanawha 1,000,000.

The Virginia passed down Monday at 4 p. m. and returns to-night to Pittsburg. Sherley up to-night for Pomeroy and Bonanza down.

The Dick Brown with a cabin full length and the pilot house on top, makes a very creditable appearance as a full fledged packet.

Harry De Wolf has secured a river pilot's license between Pomeroy and Louisville. He is the youngest pilot on the river, is twenty-one and a son of Captain Dor De Wolf, a famous war pilot.

By the establishment of two lines of packets from Pittsburg to Kanawha River Cincinnati has lost an immense and profitable trade. The Enquirer suggests two through boats from Cincinnati to Coal Valley, the head of navigation on the Kanawha.

Miss ANNA M. FRAZER assigned Monday to John G. Wadsworth for the benefit of her creditors. The assignee qualified with W. H. Wadsworth and John T. Fleming as sureties. The schedule of assets and liabilities has not been filed.

IT'S A PLEASURE.

To choose from such a stock of Capes and Jackets. Have you seen our \$10 group? Beaver Cloth Capes, liberally braided, Black Cheviot Capes, tailored, trimmed with cloth and stitching, small buttons, inlaid velvet collar. Jackets of imported Boucle Cheviot; close enough to the neck; high rolling collar; half lined with satin Rhadame. And this is only a hint of our \$10 garments.

LINENS.

Brocaded, finished, woven to linen rightness. Beside the regular lines there are some Towel lots at 25c. for this week. Huck Towels, Huck Towels with damask borders, fringed Towels, hemmed Towels. All big and generous. All unusual values.

BLANKETS.

Our Blanket labels tell the truth and the truth is good enough to make a good label. We state sizes in inches and see to it the statements are exact. Handsome white Blankets, 72x84 inches, filling and cross threads pure wool, weight 6½ lbs., \$5. Pretty grey Blankets, colored borders, 72x84 inches, \$2.89. Scarlet Blankets of pure wool, good color and fast, 74x84 inches, weight 6 lbs., \$5.

UPHOLSTERY NEWS.

Wonder how many years blue and white ticking has done service. A new bed ticking! The century came and almost went before it was conjured. But now we have it in all its newness, and it's going to do Christmas service for many an inexpensive gift. Sofa pillows, laundry bags or any way you want to use it. The fabric's here for you at 25c. a yard.

CHEAP DRESS STUFFS.

Cheap in price only. A dozen or more weaves and colors; 50c. a yard—double width—so seven yard is ample; \$3.50 for material for a stylish gown. At that price you needn't deny yourself a new dress.

D. HUNT & SON.

City Taxes.

All city taxes not paid on or before Wednesday, December 2nd, will positively have 10 per cent. added to them.

JAMES W. FITZGERALD, City Treas.

Office: Keith-Schroeder Harness Co.

Just look at the prices Heehinger & Co. have placed on their fine stock of clothing. If you want to get an overcoat or suit cheap now is the time to buy.

STUART WANNAMAKER PHISTER, aged ten years, died of pneumonia Friday, November 27th, at the home of his parents, Charles S. and Belle Wannamaker Phister, Denver, Col. He was a grandson of the late Hon. Jacob O. Phister, formerly of this city.

If eyes could speak what a story they would tell of ill usage and careless treatment at the hands of their owners. Do your eyes justice. If there is a pain or ache, come and let me examine them. It costs nothing, and I can fit them with glasses that will give relief.

BALLENGER, jeweler.

WILLIAM STEINWAY DEAD.

The Noted Manufacturer of Pianos Succumbs to Typhoid Fever.

New York, Dec. 1.—William Steinway, the piano manufacturer, died yesterday at his residence in this city. Mr. Steinway had not been in good health for a year past, and was taken ill with typhoid fever about four weeks ago. He was thought to be progressing toward recovery until Sunday morning, when he had a relapse. His physician was instantly summoned and remained with him until the end came, a little after 3 o'clock in the morning.

Mr. Steinway's body will lie in state from 11 a. m. to 2 p. m. Wednesday at the rooms of the Liederkreis society. The funeral services will be conducted by Rev. Dr. Gaton of the Church of the Redeemer. Interment will be in Greenwood cemetery. The pallbearers will be Mayor Strong, Oswald Ottendorfer, Carl Schurz, Theodore Rogers, ex-Mayor Sanford of Astoria, George Ehret, A. E. Orr, Philip Bessinger, George D. Cottrell and Dr. William B. Schallan.

Mr. Steinway was born in Seeborn, near the city of Brunswick, Germany, March 5, 1836. His father, Henry Engelhard Steinway, was a piano manufacturer of that town. Mr. Steinway was educated in the schools of his native town, learning English, French and music.

At the age of 14 he was an expert musician. In 1849 Mr. Steinway's father sent his son Charles to this country to ascertain the possible field for a piano business here. The report was favorable, and in June, 1850, the elder Steinway moved his family and business to New York city.

The business at first was limited to the manufacture of one piano a week. Nine years later the Steinways built their present factory in Fourth avenue, from Fifty-second to Fifty-third streets. In 1857 additional factories were established at Astoria, L. I.

In March, 1865, Charles and Henry, Jr., died, and Theodore, giving up the business in Germany, came to New York and assumed a share in the business. William Steinway became the head of the firm in 1889.

William Steinway leaves three sons and one daughter. The elder of these is already a member of the firm of Steinway & Sons, and the two younger are serving their apprenticeship.

In the firm are Fred Steinway, his son; Charles Steinway, his nephew, at present vice president, and his probable successor as the head of the firm; and two other nephews.

Thus there is little chance that the name and traditions of Steinway will ever suffer a change.

BURNED TO DEATH.

Chaplain M. C. Blaine and Daughter Cremated at Fort Ringgold, Tex.

WASHINGTON, Dec. 1.—A telegram has been received at the war department from Major Burke, stationed at Fort Ringgold, Tex., stating that Sunday night the quarters of Post Chaplain M. C. Blaine were burned and the chaplain and his daughter were burned to death.

Chaplain Blaine, after the fire had made some headway, missed his daughter and entered the building to rescue her. He was overcome by smoke and perished with his child. His wife escaped without serious injury.

Chaplain Major M. O. Blaine was born in Kentucky and enlisted as a private in Company K, Fifty-fourth Kentucky Infantry, in 1864, was discharged the next year and appointed post chaplain from Pennsylvania June 16, 1880.

AKRON, O., Dec. 1.—Samuel Mathie, a farmer, 53, hanged himself in his barn. He jumped 15 feet down a hay chute and his head was pulled nearly off. Illness and financial trouble.

SOMETHING WRONG,

Too Many Children in the School Census of Kentucky, Says Superintendent Davidson.

FRANKFORT, Nov. 28.—There is something wrong with the school census of Kentucky. Mr. Davidson, the State Superintendent of Public Instruction, is not a suspicious man, but he has more to do with the census of the schools than any one else, and he thinks there is something amiss. He does not believe there has been fraud in the taking of this census, but he does think that carelessness, at least, has resulted in the report of hundreds and perhaps thousands more children of school age than the State really contains. He has good reasons for this. He has been in correspondence with the officials and statisticians of other States.

It develops that Indiana with more population and many more voters than Kentucky, has less children between five and twenty years than Kentucky has between six and twenty years. Michigan shows a similar discrepancy of thousands. Missouri, with a population and vote a third bigger than Kentucky, shows a school census of but few more than this State. The indications, from a dozen different comparisons, will convince the most casual investigator that Mr. Davidson has good grounds for his suspicions.

The law requires those who become twenty years of age before July not to be counted as school children for the ensuing year; and to count only those who become six years of age before the July preceding the beginning of the school year. Mr. Davidson thinks it has been the habit of the census takers to count those who were less than twenty at any time during the year and those who became six at any time during the year in which the census is taken; if this is really where the troubles lies, he is preparing to remedy it by a change in the blanks furnished the census takers. This change consists in providing a blank for taking the date of the birth of the pupil.

No loss results to the State from any excessive report of pupils. The loss is to the districts that report correctly and fairly their quota of pupils, and the gain to the districts that report more pupils than they have, and consequently get more than their share of the school fund.

Griffith in "Faust."

John Griffith, one of the most popular young actors of the present day, will appear at the opera house next Friday night in his elaborate scenic production of "Faust." The play has been presented throughout the country with different actors in the role of Mephisto, but this young man has never suffered in comparison. In fact the critical press and public of all the prominent cities have pronounced his performance of the difficult character the best of any American actor now presenting the play. His impersonation of the fiend is very striking, with many marks of originality in conception and execution. It is a psychological study. Mr. Griffith will stage the play with a carload of special scenery, and many new electrical and scenic effects are promised. A chorus of trained voices will be utilized in the cathedral scene. Tickets at Nelson's.

Marvelous Results.

From a letter written by Rev. J. Gunderson, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

Big Tax Collections.

Sheriff Jefferson and his deputies collected about \$15,000 of State and county taxes Monday, about \$6,000 Saturday and about \$5,000 on Friday, making over \$25,000 in the three days. Monday was their busiest day, as a great many property holders waited until the last. The penalty went on all unpaid this morning.

"MOTHERS' FRIEND"

Shortens labor, lessens pain, diminishes danger to life of both mother and child and leaves her in condition more favorable to speedy recovery. "Stronger after than before confinement" says a prominent midwife. Is the best remedy

FOR RISING BREAST

Known and worth the price for that alone. Endorsed and recommended by midwives and all ladies who have used it. Beware of substitutes and imitations.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

GERMANTOWN.

Buff is now lamp lighter.

W. F. Tucker and family have removed to Ripley, O.

Miss Ida Walton returned to her home in Covington on Saturday last.

Old Lady Sheeler, of Hickaway, Robertson County, is visiting at Mr. Butcher's.

Miss Birdie Harris will leave for Huntington, Ind., next Friday to spend the winter.

Miss Grace Thompson, of Augusta, will remain at her brother's in this place for a season.

Old Uncle Ned is quite a character about our town. His latest fad is fattening the family hog on rock soup.

Protracted services will begin at the M. E. Church, South, on the first Monday in December.

The pastor will be assisted by Rev. Wallace, of Mt. Olivet.

SPRINGDALE.

The good sisters of the Christian Church at Bethany, under the leadership of Miss Emma Ford, have arranged a very beautiful crazy patch work quilt for their pastor Elder T. E. White. Misses Emma Ford, Mollie West, Annie Dunbar, Tillie Applegate, Mary and Katie Henderson, Clara and Savanna McClure, Lottie Berry and Rose Kelly and Mrs. C. P. Vawter, Mrs. J. F. V. McClure and Mrs. T. P. Degman, met at the church Wednesday to set it together. They never noticed it but there were thirteen of them. Everything went on smoothly and the quilt was finished to the entire satisfaction of all.

When they put a man in jail, he cannot follow his natural inclination. He cannot eat what he wants to—he is limited to a very frugal diet. Is it not equally true of a dyspeptic? For all of the real enjoyment he gets out of life, he might as well be in jail. He cannot eat what he likes, nor enough. He suffers much, gets little sympathy. At first, perhaps a little heaviness in the stomach, a little sourness, windy belchings and heartburn; headaches and biliousness and a foul taste in the mouth in the morning. Chronic constipation is almost inevitable, and means that the body is holding poisonous, impure matter that should be gotten rid of. The poison is being reabsorbed into the blood and the whole body. Impurity in the blood may lead to almost any disease. Constipation is the start of it all. Dr. Pierce's Pleasant Pellets cure constipation, cure it so it stays cured. No other remedy in the world will do that.

Send 25 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page Common Sense Medical Adviser, illustrated.

CINCINNATI TOBACCO MARKET.

Some Very Satisfactory Sales Were Made Last Week—New Crop Coming in Slowly.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

Thursday being Thanksgiving, the sales were adjourned on Wednesday; therefore, the sales for the week included only Tuesday and Wednesday. Offerings on Tuesday were some larger than usual, on account of the short week, and with a full attendance of buyers the market started with considerable animation and prices were fully maintained on every grade. The demand for the best tobacco was noticeable, and some very satisfactory sales were made. The mediums were firm, especially those in good condition and sweet, while the low grades, if any change, were ashade easier; but the small rejections were a good indication that the sellers were satisfied.

The offerings on Wednesday were very large, and it required the whole day to get through. The market started in the morning very firm, and remained so until after noon, when there was a tendency to ease down some, and the last sales were considered some easier than the first, but still there was a large portiou accepted by the sellers, and it proved a very satisfactory week.

"With a skipping of two days we expect the market to open Tuesday with a very active demand, and, with a desire upon the part of the holders to dispose of the old crop before the new year, we expect very large sales.

The new crop is coming in slowly, but a few hogheads are found daily upon the market, and while the prices are not high, still the market is fully as good as could be expected. It is bringing only a small amount below the old crop at present, and when the offerings of the new are sufficient to supply the redryers we think there will be more competition, and perhaps some advance, while the old crop will naturally go the other way.

LOUISVILLE TOBACCO MARKET.

Condition of the New Remarkably Good For the Time of Year—What About the Prices.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 2,004 hhd. with receipts for the same period 1,993 hhd. Sales on our market since January 1st amount to 151,590 hhd. Sales of the crop of 1895 on our market to this date amount to 145,742 hhd.

There has been sold on our market up to this date 399 hhd. new burley against 412 hhd. same date last year. The sales of new burley thus far have shown very few fairly good hhd. and nothing fine—but the condition has been remarkably good for the time of year. Some sales have been made at from \$8 to \$11 per hundred but in the main the offerings were very common. Old burleys were somewhat irregular and prices a little easier at times even for the better grades, while the common funked sorts were lower.

The following quotations fairly represent our market for burley tobacco (1895) crop:

Trash (dark or damaged).....	1 00	1 50
Common colory trash.....	2 00	4 00
Medium to good colory trash.....	4 00	6 00
Common lugs, not colory.....	2 50	3 50
Common colory lugs.....	4 50	7 00
Medium to good colory lugs.....	7 00	9 00
Common to medium leaf.....	6 00	9 00
Good to fine leaf.....	9 00	14 00
Medium to fine leaf.....	14 00	16 00
Select wraperry leaf.....	16 00	20 00

The above quotations are not applicable to green and frosted crops.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
